Program History

In 2010, the University of Central Florida (UCF) partnered with Valencia College (VC), formerly Valencia Community College, to combat the nursing shortage in central Florida. The University Central Florida/Valencia College Concurrent AS-BSN Program was created to allow concurrent enrollment in both associate and baccalaureate nursing programs, permitting students to attend a community college to earn an associate’s degree while simultaneously attending a university to earn a bachelor’s degree. Tailored for academically talented students, this program offers an alternate nursing education opportunity for students who are not admitted into UCF’s limited access nursing program, and to Valencia College students wishing to pursue a Bachelor of Science in Nursing (BSN) degree from UCF.

As adapted from UCF’s College of Nursing Undergraduate Handbook:

The UCF/Valencia State Concurrent program leads to a BSN degree, the basis of professional nursing practice. The BSN graduate is prepared to provide comprehensive care in a variety of acute, community and rehabilitative settings. Program emphasis includes clinical nursing practice, health promotion and maintenance, and preparation for assuming leadership roles and graduate study in nursing. The baccalaureate curriculum provides a solid foundation for graduate study.

Objectives

The BSN graduate is able to:

1. Synthesize knowledge from nursing and the physical, biological, behavioral, psychological and social sciences, and the humanities in the practice of professional nursing.

2. Use critical thinking as the basis for professional nursing practice.

3. Participate in interdisciplinary teams and community partnerships to meet the health care needs of individuals, families, and communities in diverse society with particular emphasis on needs of vulnerable populations.

4. Demonstrate effective verbal, written, and electronic communication in the promotion of culturally appropriate care.

5. Apply innovative technologies to optimize outcomes for self, clients, and communities.

6. Demonstrate competency in the performance and evaluation of nursing techniques and skills.

7. Incorporate ethical, cultural and legal principles as professional values in the practice of professional nursing.

8. Use the principles of teaching and learning to promote, maintain, and restore health, and prevent illnesses with individuals, families and communities.

9. Apply theories and principles of leadership and management to collaborate with interdisciplinary teams to promote and maintain quality health care for individuals, families and communities.

10. Participate in efforts to influence health systems policy on behalf of patients and the profession.
11. Use research in the exploration of health problems and the implementation of evidence based practice.

12. Assume responsibility for lifelong learning and plan for professional career development.

**Program Policies**

**Admission**

See current UCF Undergraduate catalog for admission requirements.

**Progression**

In order for students to progress in the Concurrent Nursing Program, the following conditions must be met:

- Maintain a minimum overall cumulative grade point average of 2.5 (as shown on the UCF degree audit, to include all ASN courses).
- Maintain a minimum grade point average of 2.5 in the nursing major, including ASN course work.
- Earn a grade of “C” or better in all UCF and ASN nursing courses.

Students who fail to meet the above conditions will be automatically removed from the Concurrent program and disallowed from taking any UCF nursing class while enrolled in the host institution’s associate degree nursing program.

If a student earns a grade less than “C” in a single class from either school, they must petition the Undergraduate Admission, Progression and Graduation (APG) Committee for permission to remain in the Concurrent program.

- The student must file the petition no later than the first business day following official release of UCF grades.
- The APG Petition form found on the College of Nursing web site must be completely and correctly filled out and submitted via email, in addition to the following support documentation:
  - Letter from the student outlining the factors contributing to their failure and plans to ensure future academic success
  - Letter of support of continuation from their UCF faculty advisor for the Concurrent program
  - Letter of support for continuation from the Dean or director of the host institution’s nursing program
A potential plan of study that demonstrates continued simultaneous enrollment at both institutions. (Students must maintain continuous enrollment in both schools until graduation from the host school)

Students who earn a grade less than "C" from either or both schools in two or more classes during their cumulative plan of study will be removed from the Concurrent program and disallowed from taking any UCF nursing course until the successful completion of the Associate of Science degree program and gaining licensure as a professional Registered Nurse (RN).

Upon licensure, the student will then be eligible to apply for the RN to BSN program and, if admitted, pursue the Bachelor of Science degree.

Plan of Study

Students must follow the Plan of Study given to them at the beginning of the program without deviation unless a critical life event occurs. To modify your plan of study, you must meet with the Concurrent Advisor or you will be dismissed from the Concurrent program.

Graduation

Each student is responsible for reading and understanding the degree requirements as stated in the UCF catalog under which she/he plans to graduate. Written policies and degree requirements can be found in the UCF Undergraduate catalog. Students should talk with the Concurrent advisor each semester regarding her/his program of study. Degree audits are available online from my.ucf.edu and can be accessed by the student at any time. An "Intent to Graduate" form must be filed by the deadline announced by the University, usually the first week of the student's final semester.

Important: Students must notify the Concurrent Program Coordinator, within 72 hours, of any arrest or DUI that occurs while a student in the program. Failure to report incidents will result in dismissal from the UCF College of Nursing.

*Grades below “C” are unacceptable for credit towards a nursing degree.

In the Undergraduate program, an overall GPA of 2.5 and a 2.5 in the nursing major are required for progression and graduation. Satisfactory academic progress in a program involves maintaining the standards of academic and professional integrity. Failure to maintain these standards may result in termination of the student from the program.

Examinations

Students are expected to be present for scheduled examinations. Absences are not permitted for examinations except for verified emergencies. If a student must be absent on the day of the scheduled examination, she/he must contact the course instructor before the test is given. Opportunity for a make-up is at the discretion of the instructor. If a make-up examination is given, a different format, such as essay questions, may be given at the discretion of the instructor. Instructors may require documentation from students related to reason/s exams are missed.

The use of personal digital assistants, cell phones, calculators, and other instructional aids are not allowed during examinations unless the instructor gives permission. Unless specifically stated otherwise, students should assume an exam is closed book and should be completed without the assistance of any other person. Unless specifically stated otherwise, students should assume exams may not be shared or shown to anyone. See section on academic honesty in this handbook and UCF Golden Rule for university policies related to cheating on academic assignments.

Financial Aid

It will be necessary that you transfer your financial aid to Valencia College because federal financial aid can only be distributed from one college at a time. Your financial aid will be first calculated based on your Valencia College credits, and after the add/drop
period is over at UCF they will report your enrollment to Valencia College so your financial aid award can be adjusted to include these credit hours.

Registration For Courses

Students can register for courses via the internet on MyUCF.com. Permission numbers may be required for registration if the course(s) are filled. Consult the Concurrent Advisor regarding your options. Prior to registration, students should obtain a degree audit through MyUCF.com and review it for accuracy. Concerns about the audit should be discussed with the student’s academic advisor. In the event a student has a registration hold, he/she should consult his/her MyUCF.com account for instructions on removing the hold. The Concurrent advisor CANNOT override registration holds. Following registration and during the add/drop period, students must check on MyUCF.com to confirm that they are correctly registered for the required courses for that semester. If the registration is incorrect, it must be corrected during add/drop.

Computer/Web Access

Computer/web access is necessary for the completion of this program. It is the responsibility of the student to find suitable equipment for the completion of their course work. There are computer labs available on the various Valencia College campuses. Contact the campus or consult the Valencia College website for information on locations and lab hours.

Outside Employment

Employment should be limited as much as possible so that students may devote ample time for course preparation. Clinical and class time should be free of other obligations, including employment, on-call time and personal phone calls.

Sharing of Information

A student’s participation in the program is their agreement and understanding that their academic and financial and information may be shared with the partner institution as necessary.

Attendance

Students are expected to attend all nursing classes, seminars, and both on-campus and skills laboratory sessions. If a class is missed, the instructor may require make-up work. It is the responsibility of the student to obtain information and assignments from other students if a class is missed. Failure to attend a course-related activity may result in a lower course grade or failure.

Format for Written Assignments
For all Concurrent program courses, 6th Edition APA style is required for all written work and formal presentations. APA style includes grammar, punctuation, organization, scholarly thought, proper citation, and reference format. Submissions not meeting these requirements will not be accepted.

_Dress Code_

Students should review and adhere to UCF College of Nursing student dress code policy for appropriate dress code guidelines.

_Weapons_

No weapons of any type (i.e. guns, knives) are allowed on any college property or at clinical. This includes weapons for which the student has a permit. Disciplinary action will be taken if this rule is not followed.

_Classroom: Clinical Hour Ratio_

1 credit = 3 contact hours in the clinical area

1 credit = 2 contact hours of on-campus laboratory

1 credit = 1 contact hour of lecture

_Classroom Behavior_

Students are expected to exhibit behaviors that are expected of a professional nurse. Classroom “etiquette” expectations include but are not limited to the following:

- Attendance in nursing classes is expected. At times attendance may be part of the grades for a class (see specific class syllabi). If you will be absent please notify the faculty member who is responsible for the class so you may obtain needed class information.

- Students should arrive for class on time and should plan to stay for the entire class. Students who will be late or must leave early should discuss the situation with the faculty member conducting the class.

- Pay attention and focus on the current material during class. Sleeping, talking to others, doing work for another class, reading the newspaper, checking email, exploring the internet and other distracting tasks are not appropriate in nursing classes. Do not disrupt your neighbor with discussions related to the class or other items of interest.

- Be courteous and respectful to fellow students and faculty members. Avoid audible and visual signs of restlessness.
• Monopolizing class time is not acceptable behavior. Please make a personal appointment with the faculty member at a time other than during class.

• Turn off electronic devices that may be disruptive in class. If you are using a laptop during class please have it focused on current class material.

• Students whose behavior is inappropriate in class may have a counseling form written and placed in their personal file following a meeting with faculty. Reports to the University Student Rights and Responsibilities department may be made if the behavior continues.

• Disruptive behavior is not allowed and the student will be asked to stop the behavior and may be asked to leave the classroom. Continued disruptive behavior may result in academic or disciplinary action.

• Disrespectful and/or rude behavior towards faculty, staff and fellow students will not be tolerated and may result in academic or disciplinary action.

*Academic Honesty*

Honesty is highly valued in the nursing profession. Dishonesty has serious legal and ethical implications. It is a critical factor in the maintenance of public trust. Academic dishonesty in any form will not be tolerated. Faculty members will also use www.turnitin.com, to review papers and projects for plagiarism. This website allows instructors to quickly and easily compare each student’s report to billions of web sites, as well as an enormous database of student papers. After submission of the paper, instructors receive a report that states if and how another author’s work was used.

Academic action may be taken for the following behaviors:

1. Cheating—whereby non-permissible written, visual or oral assistance including that obtained from another student is utilized on examinations, course assignments or projects. The unauthorized possession or use of examination or course-related material shall also constitute cheating.

2. Plagiarism—whereby another’s work is deliberately used or appropriated without any indication of the source. Thereby attempting to convey the impression that such work is the student’s own. Any student failing to properly credit ideas or materials taken from another has plagiarized.

3. A student who has assisted another in any of the aforementioned breach of standards shall be considered equally culpable. Actions that may be initiated by the Instructor, Director, or Dean of the College may include: counseling; loss of credit for specific assignment, examination or project; or removal from course with a grade of “F”.
The University Office of Student Conduct may also take additional action including: warning, probation, suspension, expulsion, or a permanent conduct record that is accessible by other institutions upon request. The student is notified in writing when action is taken along with the reasons for the action. A report is also sent to the Associate Dean of the College of Nursing.

Professional Conduct

Students, as representatives of the University of Central Florida and Valencia College, are expected to conduct themselves in a professional manner at all times.

Miscellaneous Information

Children In School Activities

Children are not to be brought to class or clinical agencies.

Inclement Weather

Occasionally, inclement weather occurs. Students need to monitor school closings on the television, radio, or the UCF website homepage.

Key Points to Remember

• Students must be enrolled in a UCF nursing course each semester.

• Students must follow the Plan of Study given to them at the beginning of the program without deviation unless a critical life event occurs. To modify your plan of study, you must meet with the Concurrent Advisor or you will be dismissed from the Concurrent program.

• If a student earns a grade less than “C” in a single class from either school, they may petition the Undergraduate Admission, Progression and Graduation (APG) Committee for permission to remain in the Concurrent program.

• Communication of course progression is essential. It is the responsibility of the student to keep the Concurrent Advisor up-to-date regarding their progress in the program. Students must notify Concurrent Advisor at the end each term of their grade for each nursing course.
• Students should stay tuned into UCF’s RN to BSN Listserv, their Knights e-mail, and also the RN-BSN Communication Center in Webcourses for important announcements. Students should check these, at minimum, 2-3 times weekly.

• Official Valencia College transcripts must be sent to UCF at the end of each semester without exception.

• It is the student’s responsibility to complete all required pre-requisites including their foreign language and removal any holds on their records. The student should NOT expect the Concurrent Program staff to notify him/her of an incomplete status.
Acknowledgement of Receipt and Reading of UCF/VC Concurrent 2015-2016

Program Handbook

I have received and read the University of Central Florida / Valencia College Concurrent Nursing Program Policy Handbook. I understand that I am responsible to know, and agree to adhere to the policies set forth.
